**Make Your Cistern Clean and Sweet**

**Mosquito Proof Filter**

THE COMING RAINS mean much to you, the careful housekeeper and now is the time to decide whether you will prepare for a cistern full of perpetually sweet, clean rain water, or go through the season spending your time straining every pint of water you use, and then not making sure what is decomposing at the bottom of your cistern. The Star Filter is made to purify and filter rain water before it enters the cistern. It catches everything that the winds have wedged in the crevices of the roof during the autumn and winter months, leaves, straws, twigs, and other particles that the rains wash from their hiding places.

**Council Meeting**  
(Cont from page 1)

that the salaries of employees at the light plant could be paid from surpluses in the various funds scraped together, amounting to \$466. Mr. Farrington moved that the salaries of the light plant be approved and not paid for want of funds the motion was lost on being put to a vote.

Judge Franz's petition for increase of pay in the office of police judge from \$35 to \$50 per month was denied upon motion of councilman Bergdorf, seconded by Kunkel, the city not being at present in condition to increase its budget.

The clerk then read a lengthy communication from the old Anadarko Athletic Association, setting out that the Association was misinformed when it threatened to bring suit on the grandstand and ball fence proposition, and requesting permission to remove the property from the city park. Mr. Westphal moved that the request be granted, but Mr. Hammett desired that the city attorney advise the council. Mr. McFadyen replied that if the lumber was placed on the land before the mayor filed on it, then the lumber belongs to the city. If the fence and grandstand were placed on the park afterward with permission to remove the same, then the lumber belongs properly to the association. He suggests the appointment of a committee to investigate the matter and report. Messrs. Duncan, Kunkel, and Farrington were made such committee. Mr. Farrington then advised the council of Mr. Kamm's request for an arrangement in regard to paying for coal required for the remainder of the year. He made a motion that Mr. Kamm be paid 10 per cent more than the contract price, which raise would make up to Mr. Kamm the cost of securing a judgment. Mr. Duncan moved that the whole matter be referred to the purchasing committees with power to act. Mr. Galloway seconded the motion which was carried upon being put to a vote. Mr. Spivey then read the report of the auditing committee, which was listened to with the utmost attention. The report is published in full elsewhere in the Democrat. Mr. Duncan moved that the report be referred to the Finance committee for consideration, stating that to hear a lengthy report read that bristled with figures left too confused an impression on the minds for immediate action. Mr. Westphal supported this motion and the ayes and noes were called for. The vote stood: ayes, Hammert, Westphal, Duncan, Galloway; noes, Bergdorf, Kunkel, Weimer and Farrington. The mayor voted against referring the report. Mr. Farrington then moved the adoption of the report and the discharge of the committee, seconded by Mr. Bergdorf. The ayes and noes were taken. Ayes, Kunkel, Bergdorf, Weimer and Farrington; noes, Westphal, Hammert, Duncan and Galloway. The mayor voted aye, and the report was declared adopted and the committee discharged. We did not check up the report, which is running in the Democrat, but noted in passing that the first addition is \$10 wrong. Our readers can add for themselves. The reports of the city treasurer, police judge, street commissioner,

and chief of police were received and filed. Of the 34 arrests last month, Mr. Cooley made 9, while Mr. Childs made 25, from which it appears that law breaking is attempted mostly under the shelter of darkness.

After the clerk had been instructed to issue a warrant covering the interest due on the city bonds, Mr. Duncan moved that the mayor and city attorney be instructed to confess judgement on Mr. Pfaff's suit to recover an indebtedness amounting to \$729.20. The motion was seconded by Mr. Farrington and carried unanimously. Mr. McFadyen then brought up the matter of the suit ordered to be filed against The Rock Island Railway Co. for non compliance with the sidewalk ordinance. After a lively discussion in which attorney Morgan argued against dropping the suit and offered to co-operate with the city attorney gratis, Mr. McFadyen was requested to consult his law books and report at the next meeting. The park committee was authorized to employ a man to cut the weeds and straighten up the grounds. J. E. Davidson collector for the city, reported difficulties in collecting water and light bills. He was given discretionary power to cut off water and light. Adjournment was then taken upon Mr. Whitehall's motion until Wednesday night.

**Oklahoma-Jamestown Exposition Company**  
Oklahoma City, Okla. 20-07  
Anadarko Democrat, Anadarko, Okla.  
Gentlemen:—  
Mrs. D. W. Fitts, one of the state representatives of this company, will be in your city in the interest of Greater Oklahoma. She will present to the citizens of Anadarko the intents and purposes of this company and the plans whereby every section of the new state will secure the benefits of consistent, conservative advertising at Jamestown.

We trust that while she is in your city she will enjoy the absolute co-operation of every business man, and that your city will join with the others of the Southwest portion of the state in helping to build the Oklahoma State Booth, the building, and will assist in assembling an installation of the finest exhibit that has ever left the state.

Yours very truly  
J. B. THOBURN, Supt.
